## **PUBLISHER'S FOREWORD**

### **Statutes**

The 2014 Supplement to the Mississippi Code of 1972 Annotated reflects the statute law of Mississippi as amended by the Mississippi Legislature through the end of the 2014 Regular Session and 1st and 2nd Extraordinary Sessions.

### **Annotations**

Case annotations are included based on decisions of the State and federal courts in cases arising in Mississippi. Annotations to collateral research references are also included.

To better serve our customers by making our annotations more current, LexisNexis has changed the sources that are read to create annotations for this publication. Rather than waiting for cases to appear in printed reporters, we now read court decisions as they are released by the courts. A consequence of this more current reading of cases, as they are posted online on LexisNexis, is that the most recent cases annotated may not yet have print reporter citations. These will be provided, as they become available, through later publications.

This publication contains annotations taken from decisions of the Mississippi Supreme Court and the Court of Appeals and decisions of the appropriate federal courts. These cases will be printed in the following reporters:

- Southern Reporter, 3rd Series
- United States Supreme Court Reports
- Supreme Court Reporter
- United States Supreme Court Reports, Lawyers' Edition, 2nd Series
- Federal Reporter, 3rd Series
- Federal Supplement, 2nd Series
- Federal Rules Decisions
- Bankruptcy Reporter

Additionally, annotations have been taken from the following sources:

- American Law Reports, 6th Series
- American Law Reports, Federal 2nd
- Mississippi College Law Review
- Mississippi Law Journal

Finally, published opinions of the Attorney General and opinions of the Ethics Commission have been examined for annotations.

### **Amendment Notes**

Amendment notes detail how the new legislation affects existing sections.

### **Editor's Notes**

Editor's notes summarize subject matter and legislative history of repealed sections, provide information as to portions of legislative acts that have not been codified, or explain other pertinent information.

## **PUBLISHER'S FOREWORD**

### **Joint Legislative Committee Notes**

Joint Legislative Committee notes explain codification decisions and corrections of Code errors made by the Mississippi Joint Legislative Committee on Compilation, Revision, and Publication of Legislation.

### **Tables**

The Statutory Tables volume adds tables showing disposition of legislative acts through the 2014 Regular Session and 1st and 2nd Extraordinary Sessions.

### **Index**

The comprehensive Index to the Mississippi Code of 1972 Annotated is replaced annually, and we welcome customer suggestions. The foreword to the Index explains our indexing principles, suggests guidelines for successful index research, and provides methods for contacting indexers.

### **Acknowledgements**

The publisher wishes to acknowledge the cooperation and assistance rendered by the Mississippi Joint Legislative Committee on Compilation, Revision, and Publication of Legislation, as well as the offices of the Attorney General and Secretary of State, in the preparation of this supplement.

"North 26 degrees 42 minutes 25 seconds East a distance of 104.17 feet to a point 180.00 feet westerly of and perpendicular to the centerline survey of State Route 7 at station 1382+00.00;

"Northerly with a curve turning to the right with a radius of 11,696.29 feet, an arc length of 293.31 feet, a chord bearing of North 15 degrees 04 minutes 17 seconds East, and a chord length of 293.30 feet, to a point 180.00 feet westerly of and perpendicular to the centerline survey of State Route 7 at station 1384+88.80;

"North 15 degrees 47 minutes 23 seconds East a distance of 293.65 feet to a point 180.00 feet westerly of and perpendicular to the centerline survey of State Route 7 at station 1387+82.44, said point also being on the grantor's northern property line;

"Thence leaving the proposed western right-of-way line of the above referenced State Project and along the grantor's northern property line, run South 88 degrees 52 minutes 51 seconds East a distance of 82.70 feet to a point on the existing (2012) western right-of-way line of State Route 7;

"Thence leaving the grantor's northern property line and along the existing western right-of-way line of State Route 7 the following courses and distances:

"South 15 degrees 47 minutes 23 seconds West a distance of 314.59 feet;

"Southerly with a curve turning to the left with a radius of 11616.29 feet, an arc length of 871.48 feet, a chord bearing of South 13 degrees 38 minutes 26 seconds West, and a chord length of 871.27 feet, to a point on the grantor's southern property line (also the existing northern right-of-way line of Veteran's Drive);

"Thence leaving the existing western right-of-way line of State Route 7 and along the grantor's southern property line, run North 78 degrees 57 minutes 54 seconds West a distance of 320.01 feet back to the Point of Beginning.

"The above described parcel of land contains 3.14 acres, (136,942 square feet), more or less, and is situated in the Southeast Quarter of the Northwest Quarter, and the Southwest Quarter of the Northeast Quarter of Section 4, Township 9 South, Range 3 West, in the City of Oxford, Lafayette County, Mississippi.

"Together with any and all abutter's rights of access, if any, in, to, over, on, and across the above described proposed right-of-way line between Point "H-1" and Point "H-2" as described above and as shown on the Right-of-Way Acquisition maps for the above referenced highway project."

## § 65-1-8. Authority and powers of the commission.

(1) The Mississippi Transportation Commission shall have the following general powers, duties and responsibilities:

(a) To coordinate and develop a comprehensive, balanced transportation policy for the State of Mississippi;

(b) To promote the coordinated and efficient use of all available and future modes of transportation;

(c) To make recommendations to the Legislature regarding alterations or modifications in any existing transportation policies;

(d) To study means of encouraging travel and transportation of goods by the combination of motor vehicle and other modes of transportation;

(e) To take such actions as are necessary and proper to discharge its duties pursuant to the provisions of Chapter 496, Laws of 1992, and any other provision of law;

(f) To receive and provide for the expenditure of any funds made available to it by the Legislature, the federal government or any other source.

(2) In addition to the general powers, duties and responsibilities listed in subsection (1) of this section, the Mississippi Transportation Commission shall have the following specific powers:

(a) To make rules and regulations whereby the Transportation Department shall change or relocate any and all highways herein or hereafter fixed as constituting a part of the state highway system, as may be deemed necessary or economical in the construction or maintenance thereof; to acquire by gift, purchase, condemnation or otherwise, land or other property whatsoever that may be necessary for a state highway system as herein provided, with full consideration to be given to the stimulation of local public and private investment when acquiring such property in the vicinity of Mississippi towns, cities and population centers;

(b) To enforce by mandamus, or other proper legal remedies, all legal rights or rights of action of the Mississippi Transportation Commission with other public bodies, corporations or persons;

(c) To make and publish rules, regulations and ordinances for the control of and the policing of the traffic on the state highways, and to prevent their abuse by any or all persons, natural or artificial, by trucks, tractors, trailers or any other heavy or destructive vehicles or machines, or by any other means whatsoever, by establishing weights of loads or of vehicles, types of tires, width of tire surfaces, length and width of vehicles, with reasonable variations to meet approximate weather conditions, and all other proper police and protective regulations, and to provide ample means for the enforcement of same. The violation of any of the rules, regulations or ordinances so prescribed by the commission shall constitute a misdemeanor. No rule, regulation or ordinance shall be made that conflicts with any statute now in force or which may hereafter be enacted, or with any ordinance of municipalities. A monthly publication giving general information to the boards of supervisors, employees and the public may be issued under such rules and regulations as the commission may determine;

(d) To give suitable numbers to highways and to change the number of any highway that shall become a part of the state highway system. However, nothing herein shall authorize the number of any highway to be changed so as to conflict with any designation thereof as a U.S. numbered highway. Where, by a specific act of the Legislature, the commission has been directed to give a certain number to a highway, the commission shall not have the authority to change such number;

(e)(i) To make proper and reasonable rules, regulations, and ordinances for the placing, erection, removal or relocation of telephone, telegraph or other poles, signboards, fences, gas, water, sewerage, oil or other pipelines, and other obstructions that may, in the opinion of the commission, contribute to the hazards upon any of the state highways, or in any way interfere with the ordinary travel upon such highways, or the construction, reconstruction or maintenance thereof, and to make reasonable rules and regulations for the proper control thereof. Any violation of such rules or regulations or noncompliance with such ordinances shall constitute a misdemeanor;

(ii) Except as otherwise provided for in this paragraph, whenever the order of the commission shall require the removal of, or other changes in the location of telephone, telegraph or other poles, signboards, gas, water, sewerage, oil or other pipelines; or other similar obstructions on the right-of-way or such other places where removal is required by law, the owners thereof shall at their own expense move or change the same to conform to the order of the commission. Any violation of such rules or regulations or noncompliance with such orders shall constitute a misdemeanor;

(iii) Rural water districts, rural water systems, nonprofit water associations and municipal public water systems in municipalities with a population of ten thousand (10,000) or less, according to the latest federal decennial census, shall not be required to bear the cost and expense of removal and relocation of water and sewer lines and facilities constructed or in place in the rights-of-way of state highways. The cost and expense of such removal and relocation, including any unpaid prior to July 1, 2002, shall be paid by the Department of Transportation;

(iv) Municipal public sewer systems and municipal gas systems owned by municipalities with a population of ten thousand (10,000) or less, according to the latest federal decennial census, shall not be required to bear the cost and expense of removal and relocation of lines and facilities constructed or in place in the rights-of-way of state highways. The cost and expense of such removal and relocation, including any unpaid prior to July 1, 2003, shall be paid by the Department of Transportation;

(f) To regulate and abandon grade crossings on any road fixed as a part of the state highway system, and whenever the commission, in order to avoid a grade crossing with the railroad, locates or constructs said road on one side of the railroad, the commission shall have the power to abandon and close such grade crossing, and whenever an underpass or overhead bridge is substituted for a grade crossing, the commission shall have power to abandon such grade crossing and any other crossing adjacent thereto. Included in the powers herein granted shall be the power to require the railroad at grade crossings, where any road of the state highway system crosses the same, to place signal posts with lights or other warning devices at such crossings at the expense of the railroad, and to regulate and abandon underpass or overhead bridges and, where abandoned because of the construction of a new underpass or overhead bridge, to close such old underpass or overhead bridge, or, in its discretion, to return the same to the jurisdiction of the county board of supervisors;

(g) To make proper and reasonable rules and regulations to control the cutting or opening of the road surfaces for subsurface installations;

(h) To make proper and reasonable rules and regulations for the removal from the public rights-of-way of any form of obstruction, to cooperate in improving their appearance, and to prescribe minimum clearance heights for seed conveyors, pipes, passageways or other structure of private or other ownership above the highways;

(i) To establish, and have the Transportation Department maintain and operate, and to cooperate with the state educational institutions in establishing, enlarging, maintaining and operating a laboratory or laboratories for testing materials and for other proper highway purposes;

(j) To provide, under the direction and with the approval of the Department of Finance and Administration, suitable offices, shops and barns in the City of Jackson;

(k) To establish and have enforced set-back regulations;

(l) To cooperate with proper state authorities in producing limerock for highway purposes and to purchase same at cost;

(m) To provide for the purchase of necessary equipment and vehicles and to provide for the repair and housing of same, to acquire by gift, purchase, condemnation or otherwise, land or lands and buildings in fee simple, and to authorize the Transportation Department to construct, lease or otherwise provide necessary and proper permanent district offices for the construction and maintenance divisions of the department, and for the repair and housing of the equipment and vehicles of the department; however, in each Supreme Court district only two (2) permanent district offices shall be set up, but a permanent status shall not be given to any such offices until so provided by act of the Legislature and in the meantime, all shops of the department shall be retained at their present location. As many local or subdistrict offices, shops or barns may be provided as is essential and proper to economical maintenance of the state highway system;

(n) To cooperate with the Department of Archives and History in having placed and maintained suitable historical markers, including those which have been approved and purchased by the State Historical Commission, along state highways, and to have constructed and maintained roadside driveways for convenience and safety in viewing them when necessary;

(o) To cooperate, in its discretion, with the Mississippi Department of Wildlife, Fisheries and Parks in planning and constructing roadside parks upon the right-of-way of state highways, whether constructed, under construction, or planned; said parks to utilize where practical barrow pits used in construction of state highways for use as fishing ponds. Said parks shall be named for abundant flora and fauna existing in the area or for the first flora or fauna found on the site;

(p) Unless otherwise prohibited by law, to make such contracts and execute such instruments containing such reasonable and necessary appropriate terms, provisions and conditions as in its absolute discretion it may deem necessary, proper or advisable, for the purpose of obtaining or securing financial assistance, grants or loans from the United States of America or any department or agency thereof, including contracts with several counties of the state pertaining to the expenditure of such funds;

(q) To cooperate with the Federal Highway Administration in the matter of location, construction and maintenance of the Great River Road, to expend such funds paid to the commission by the Federal Highway Administration or other federal agency, and to authorize the Transportation

Department to erect suitable signs marking this highway, the cost of such signs to be paid from state highway funds other than earmarked construction funds;

(r) To cooperate, in its discretion, with the Mississippi Forestry Commission and the School of Forestry, Mississippi State University, in a forestry management program, including planting, thinning, cutting and selling, upon the right-of-way of any highway, constructed, acquired or maintained by the Transportation Department, and to sell and dispose of any and all growing timber standing, lying or being on any right-of-way acquired by the commission for highway purposes in the future; such sale or sales to be made in accordance with the sale of personal property which has become unnecessary for public use as provided for in Section 65-1-123, Mississippi Code of 1972;

(s) To expend funds in cooperation with the Division of Plant Industry, Mississippi Department of Agriculture and Commerce, the United States government or any department or agency thereof, or with any department or agency of this state, to control, suppress or eradicate serious insect pests, rodents, plant parasites and plant diseases on the state highway rights-of-way;

(t) To provide for the placement, erection and maintenance of motorist services business signs and supports within state highway rights-of-way in accordance with current state and federal laws and regulations governing the placement of traffic control devices on state highways, and to establish and collect reasonable fees from the businesses having information on such signs;

(u) To request and to accept the use of persons convicted of an offense, whether a felony or a misdemeanor, for work on any road construction, repair or other project of the Transportation Department. The commission is also authorized to request and to accept the use of persons who have not been convicted of an offense but who are required to fulfill certain court-imposed conditions pursuant to Section 41-29-150(d)(1) or 99-15-26, Mississippi Code of 1972, or the Pretrial Intervention Act, being Sections 99-15-101 through 99-15-127, Mississippi Code of 1972. The commission is authorized to enter into any agreements with the Department of Corrections, the State Parole Board, any criminal court of this state, and any other proper official regarding the working, guarding, safekeeping, clothing and subsistence of such persons performing work for the Transportation Department. Such persons shall not be deemed agents, employees or involuntary servants of the Transportation Department while performing such work or while going to and from work or other specified areas;

(v) To provide for the administration of the railroad revitalization program pursuant to Section 57-43-1 et seq.;

(w) The Mississippi Transportation Commission is further authorized, in its discretion, to expend funds for the purchase of service pins for employees of the Mississippi Transportation Department;

(x) To cooperate with the State Tax Commission by providing for weight enforcement field personnel to collect and assess taxes, fees and penalties

and to perform all duties as required pursuant to Section 27-55-501 et seq., Sections 27-19-1 et seq., 27-55-1 et seq., 27-59-1 et seq. and 27-61-1 et seq., Mississippi Code of 1972, with regard to vehicles subject to the jurisdiction of the Office of Weight Enforcement. All collections and assessments shall be transferred daily to the State Tax Commission;

(y) The Mississippi Transportation Commission may delegate the authority to enter into a supplemental agreement to a contract previously approved by the commission if the supplemental agreement involves an additional expenditure not to exceed One Hundred Thousand Dollars (\$100,000.00);

(z)(i) The Mississippi Transportation Commission, in its discretion, may enter into agreements with any county, municipality, county transportation commission, business, corporation, partnership, association, individual or other legal entity, for the purpose of accelerating the completion date of scheduled highway construction projects.

(ii) Such an agreement may permit the cost of a highway construction project to be advanced to the commission by a county, municipality, county transportation commission, business, corporation, partnership, association, individual or other legal entity, and repaid to such entity by the commission when highway construction funds become available; provided, however, that repayment of funds advanced to the Mississippi Transportation Commission shall be made no sooner than the commission's identified projected revenue schedule for funding of that particular construction project, and no other scheduled highway construction project established by statute or by the commission may be delayed by an advanced funding project authorized under this paragraph (z). Repayments to a private entity that advances funds to the Mississippi Transportation Commission under this paragraph (z) may not include interest or other fees or charges, and the total amount repaid shall not exceed the total amount of funds advanced to the commission by the entity.

(iii) In considering whether to enter into such an agreement, the commission shall consider the availability of financial resources, the effect of such agreement on other ongoing highway construction, the urgency of the public's need for swift completion of the project and any other relevant factors.

(iv) Such an agreement shall be executed only upon a finding by the commission, spread upon its minutes, that the acceleration of the scheduled project is both feasible and beneficial. The commission shall also spread upon its minutes its findings with regard to the factors required to be considered pursuant to subparagraph (iii) of this paragraph (z);

(aa) The Mississippi Transportation Commission, in its discretion, may purchase employment practices liability insurance, and may purchase an excess policy to cover catastrophic losses incurred under the commission's self-insured workers' compensation program authorized under Section 71-3-5. Such policies shall be written by the agent or agents of a company or companies authorized to do business in the State of Mississippi. The

deductibles shall be in an amount deemed reasonable and prudent by the commission, and the premiums thereon shall be paid from the State Highway Fund. Purchase of insurance under this paragraph shall not serve as an actual or implied waiver of sovereign immunity or of any protection afforded the commission under the Mississippi Tort Claims Act;

(bb) The Mississippi Transportation Commission is further authorized, in its discretion, to expend funds for the purchase of promotional materials for safety purposes, highway beautification purposes and recruitment purposes;

(cc) To lease antenna space on communication towers which it owns;

(dd) To receive funds from the Southeastern Association of Transportation Officials and from other nonstate sources and expend those funds for educational scholarships in transportation related fields of study. The commission may adopt rules or regulations as necessary for the implementation of the program. A strict accounting shall be made of all funds deposited with the commission and all funds dispersed.

## § 65-1-65. Maintenance.

### JUDICIAL DECISIONS

#### 2. Immunity.

Where three drivers appealed the Miss. R. Civ. P. 12(b)(6) dismissal of their claim against the Mississippi Department of Transportation (MDOT) because of discretionary-function immunity under the Mississippi Tort Claims Act (MTCA), Miss. Code Ann. § 65-1-65 required the MDOT to maintain and repair state highways, and the MDOT was not entitled to discretionary-function immunity for failure to properly maintain and repair highways because that function was ministerial. It was the function, not the act, to which the

MTCA granted or denied immunity. *Little v. Miss. DOT*, 129 So. 3d 132 (Miss. 2013).

Mississippi Department of Transportation (MDOT) was immune from suit under Miss. Code Ann. § 11-46-9(1)(d) as Miss. Code Ann. § 65-1-65 did not impose any specific directives as to the time, manner, and conditions for carrying out MDOT's duty to maintain highways, and the duty to remove trees from the right-of-way was discretionary; MDOT was not liable for the driver's injuries arising out of road maintenance. *Little v. Miss. DOT*, 129 So. 3d 192 (Miss. Ct. App. 2012), reversed by,

remanded by 129 So. 3d 132, 2013 Miss. LEXIS 551 (Miss. 2013).

### § 65-1-85. Method of awarding contracts.

(1) All contracts by or on behalf of the commission for the purchase of materials, equipment and supplies shall be made in compliance with Section 31-7-1 et seq. All contracts by or on behalf of the commission for construction, reconstruction or other public work authorized to be done under the provisions of this chapter, except maintenance, shall be made by the executive director, subject to the approval of the commission, only upon competitive bids after due advertisement as follows, to wit:

(a) Advertisement for bids shall be in accordance with such rules and regulations, in addition to those herein provided, as may be adopted therefor by the commission, and the commission is authorized and empowered to make and promulgate such rules and regulations as it may deem proper, to provide and adopt standard specifications for road and bridge construction, and to amend such rules and regulations from time to time.

(b) The advertisement shall be inserted twice, being once a week for two (2) successive weeks in a newspaper published at the seat of government in Jackson, Mississippi, having a general circulation throughout the state, and no letting shall be less than fourteen (14) days nor more than sixty (60) days after the publication of the first notice of such letting, and notices of such letting may be placed in a metropolitan paper or national trade publication.

(c) Before advertising for such work, the executive director shall cause to be prepared and filed in the department detailed plans and specifications covering the work proposed to be done and copies of the plans and specifications shall be subject to inspection by any citizen during all office hours and made available to all prospective bidders upon such reasonable terms and conditions as may be required by the commission. A fee shall be charged equal to the cost of producing a copy of any such plans and specifications.

(d) All such contracts shall be let to a responsible bidder with the lowest and best bid, and a record of all bids received for construction and reconstruction shall be preserved.

(e) Each bid for such a construction and reconstruction contract must be accompanied by a cashier's check, a certified check or bidders bond executed by a surety company authorized to do business in the State of Mississippi, in the principal amount of not less than five percent (5%) of the bid, guaranteeing that the bidder will give bond and enter into a contract for the faithful performance of the contract according to plans and specifications on file.

(f) Bonds shall be required of the successful bidder in an amount equal to the contract price. The contract price shall mean the entire cost of the particular contract let. In the event change orders are made after the execution of a contract which results in increasing the total contract price, additional bond in the amount of the increased cost may be required. The surety or sureties on such bonds shall be a surety company or surety

companies authorized to do business in the State of Mississippi, all bonds to be payable to the State of Mississippi and to be conditioned for the prompt, faithful and efficient performance of the contract according to plans and specifications, and for the prompt payment of all persons furnishing labor, material, equipment and supplies therefor. Such bonds shall be subject to the additional obligation that the principal and surety or sureties executing the same shall be liable to the state in a civil action instituted by the state at the instance of the commission or any officer of the state authorized in such cases, for double any amount in money or property the state may lose or be overcharged or otherwise defrauded of by reason of any wrongful or criminal act, if any, of the contractor, his agent or employees.

(2) With respect to equipment used in the construction, reconstruction or other public work authorized to be done under the provisions of this chapter: the word "equipment," in addition to all equipment incorporated into or fully consumed in connection with such project, shall include the reasonable value of the use of all equipment of every kind and character and all accessories and attachments thereto which are reasonably necessary to be used and which are used in carrying out the performance of the contract, and the reasonable value of the use thereof, during the period of time the same are used in carrying out the performance of the contract, shall be the amount as agreed upon by the persons furnishing the equipment and those using the same to be paid therefor, which amount, however, shall not be in excess of the maximum current rates and charges allowable for leasing or renting as specified in Section 65-7-95; the word "labor" shall include all work performed in repairing equipment used in carrying out the performance of the contract, which repair labor is reasonably necessary to the efficient operation of said equipment; and the words "materials" and "supplies" shall include all repair parts installed in or on equipment used in carrying out the performance of the contract, which repair parts are reasonably necessary to the efficient operation of said equipment.

(3) The executive director, subject to the approval of the commission, shall have the right to reject any and all bids, whether such right is reserved in the notice or not.

(4) The commission may require the prequalification of any and all bidders and the failure to comply with prequalification requirements may be the basis for the rejection of any bid by the commission. The commission may require the prequalification of any and all subcontractors before they are approved to participate in any contract awarded under this section.

(5) The commission may adopt rules and regulations for the termination of any previously awarded contract which is not timely proceeding toward completion. The failure of a contractor to comply with such rules and regulations shall be a lawful basis for the commission to terminate the contract with such contractor. In the event of a termination under such rules and regulations, the contractor shall not be entitled to any payment, benefit or damages beyond the cost of the work actually completed.

(6) Any contract for construction or paving of any highway may be entered into for any cost which does not exceed the amount of funds that may be made

available therefor through bond issues or from other sources of revenue, and the letting of contracts for such construction or paving shall not necessarily be delayed until the funds are actually on hand, provided authorization for the issuance of necessary bonds has been granted by law to supplement other anticipated revenue, or when the department certifies to the Department of Finance and Administration and the Legislative Budget Office that projected receipts of funds by the department will be sufficient to pay such contracts as they become due and the Department of Finance and Administration determines that the projections are reasonable and receipts will be sufficient to pay the contracts as they become due. The Department of Finance and Administration shall spread such determination on its minutes prior to the letting of any contracts based on projected receipts. Nothing in this subsection shall prohibit the issuance of bonds, which have been authorized, at any time in the discretion of the State Bond Commission, nor to prevent investment of surplus funds in United States government bonds or State of Mississippi bonds as presently authorized by Section 12, Chapter 312, Laws of 1956.

(7) All other contracts for work to be done under the provisions of this chapter and for the purchase of materials, equipment and supplies to be used as provided for in this chapter shall be made in compliance with Section 31-7-1 et seq.

(8) The commission shall not empower or authorize the executive director, or any one or more of its members, or any engineer or other person to let or make contracts for the construction or repair of public roads, or building bridges, or for the purchase of material, equipment or supplies contrary to the provisions of this chapter as set forth in this section, except in cases of flood or other cases of emergency where the public interest requires that the work be done or the materials, equipment or supplies be purchased without the delay incident to advertising for competitive bids. Such emergency contracts may be made without advertisement under such rules and regulations as the commission may prescribe.

(9) The executive director, subject to the approval of the commission, is authorized to negotiate and make agreements with communities and/or civic organizations for landscaping, beautification and maintenance of highway rights-of-way; however, nothing in this subsection shall be construed as authorization for the executive director or commission to participate in such a project to an extent greater than the average cost for maintenance of shoulders, backslopes and median areas with respect thereto.

(10) The executive director may negotiate and enter into contracts with private parties for the mowing of grass and trimming of vegetation on the rights-of-way of state highways whenever such practice is possible and cost effective.

(11)(a) As an alternative to the method of awarding contracts as otherwise provided in this section, the commission may use the design-build method of contracting for the following:

(i) Projects for the Mississippi Development Authority pursuant to agreements between both governmental entities;

(ii) Any project with an estimated cost of not more than Ten Million Dollars (\$10,000,000.00), not to exceed two (2) projects per fiscal year; and

(iii) Any project which has an estimated cost of more than Ten Million Dollars (\$10,000,000.00), not to exceed one (1) project per fiscal year.

(b) As used in this subsection, the term “design-build” method of contracting means a contract that combines the design and construction phases of a project into a single contract and the contractor is required to satisfactorily perform, at a minimum, both the design and construction of the project.

(c) The commission shall establish detailed criteria for the selection of the successful design-build contractor in each request for design-build proposals. The evaluation of the selection committee is a public record and shall be maintained for a minimum of ten (10) years after project completion.

(d) The commission shall maintain detailed records on projects separate and apart from its regular record keeping. The commission shall file a report to the Legislature evaluating the design-build method of contracting by comparing it to the low-bid method of contracting. At a minimum, the report must include:

(i) The management goals and objectives for the design-build system of management;

(ii) A complete description of the components of the design-build management system, including a description of the system the department put into place on all projects managed under the system to insure that it has the complete information on highway segment costs and to insure proper analysis of any proposal the commission receives from a highway contractor;

(iii) The accountability systems the Transportation Department established to monitor any design-build project’s compliance with specific goals and objectives for the project;

(iv) The outcome of any project or any interim report on an ongoing project let under a design-build management system showing compliance with the goals, objectives, policies and procedures the department set for the project; and

(v) The method used by the department to select projects to be let under the design-build system of management and all other systems, policies and procedures that the department considered as necessary components to a design-build management system.

(e) All contracts let under the provisions of this subsection shall be subject to oversight and review by the State Auditor. The State Auditor shall file a report with the Legislature on or before January 1 of each year detailing his findings with regard to any contract let or project performed in violation of the provisions of this subsection. The actual and necessary expenses incurred by the State Auditor in complying with this paragraph (e) shall be paid for and reimbursed by the Mississippi Department of Transportation out of funds made available for the contract or contracts let and project or projects performed.

(12) The provisions of this section shall not be construed to prohibit the commission from awarding or entering into contracts for the design, construction and financing of toll roads, highways and bridge projects as provided under Sections 65-43-1 and 65-43-3.

65-4-5.	Definitions.
65-4-25.	Resolution to issue general obligation bonds for Economic Development Highway Fund.
65-4-29.	Terms of bonds; option to redeem; issuance and sale.
65-4-31.	Interest rates.
65-4-33.	Notice of sale.

§ 65-4-5. Definitions.

(1) The following words when used in this chapter shall have the meanings herein ascribed unless the context otherwise clearly requires:

- (a) "Board" means the Mississippi Development Authority;
- (b) "Department" means the Mississippi Department of Transportation;
- (c) "High economic benefit project" means:

- (i) Any new investment by a private company with capital investments in land, buildings, depreciable fixed assets and improvements of at least Seventy Million Dollars (\$70,000,000.00);

- (ii) Any new investment of at least Twenty Million Dollars (\$20,000,000.00) by a private company having capital investments in this state in land, buildings, depreciable fixed assets and improvements of at least One Billion Dollars (\$1,000,000,000.00) in the aggregate;

- (iii) Public investment of at least One Hundred Million Dollars (\$100,000,000.00) to take place over a specified period of time and in accordance with a master plan duly adopted by the controlling political subdivision;

- (iv) Any new investments in land, buildings, depreciable fixed assets and improvements by two (2) private companies upon land that is adjacent whenever the new investments of both companies are at least Sixty Million Dollars (\$60,000,000.00) in the aggregate, and such new investments by both private companies provide for the employment of at least five hundred (500) employees in the aggregate;

- (v) Any project which would benefit from the construction of any highway bypass which would aid in economic development and would provide an alternate route to avoid an existing route which underpasses a railroad and which would aid in existing or proposed industry;

- (vi) Any master planned community;

- (vii) Any new investments in land, buildings, depreciable fixed assets and improvements by not more than three (3) private companies physically located within a one-half-mile radius of each other whenever the new investments of such companies are at least Sixty Million Dollars (\$60,000,000.00) in the aggregate, and such new investments by such companies provide for the employment of at least three hundred (300) new employees in the aggregate;

(viii) Any new investments in land, buildings, depreciable fixed assets and improvements by two (2) or more private companies upon lands originally adjacent, but now divided by a four-lane state highway and bordered by a two-lane state highway, and the new investments of the companies are at least Fifty Million Dollars (\$50,000,000.00) in the aggregate, and a portion of such new investment will be utilized for the construction of a hospital;

(ix) [Repealed]

(x) Any project as defined in Section 57-75-5(f)(xxi); however, the term "high economic benefit project" does not include the construction of Mississippi Highway 348;

(xi) Any project as defined in Section 17-25-17;

(xii) Any project which would allow access to a national intermodal facility with a minimum capital investment of One Hundred Million Dollars (\$100,000,000.00) that is located within five (5) miles of the State of Mississippi and has direct access into an industrial park within the state.

(xiii) Any new investments in land, buildings and depreciable fixed assets and improvements by a private company of at least One Hundred Million Dollars (\$100,000,000.00) over a specified period of time in accordance with a defined capital improvement project approved by the board.

However, if the initial investments that a private company made in order to meet the definition of a high economic benefit project under this paragraph (c)(i) and in order to be approved for such project exceeded Fifty Million Dollars (\$50,000,000.00), or if subsequent to being approved for the initial project the same company and/or one or more other private companies made additional capital investments exceeding Fifty Million Dollars (\$50,000,000.00) in aggregate value in land, buildings, depreciable fixed assets and improvements physically attached to or forming a part of the initially planned site development, then an amount equal to fifty percent (50%) of all such investments that exceeds Fifty Million Dollars (\$50,000,000.00) shall be subtracted from the Sixty Million Dollars (\$60,000,000.00) in aggregate value of new investments required under this paragraph (c)(vii);

(d) "Political subdivision" means one or more counties or incorporated municipalities in the state, or a state-owned port located in a county bordering on the Gulf of Mexico;

(e) "Private company" means:

(i) Any agricultural, aquacultural, maricultural, processing, distribution, warehousing, manufacturing, transportation, tourism or research and development enterprise;

(ii) Any air transportation and maintenance facility, regional shopping mall, hospital, large hotel, resort or movie industry studio;

(iii) The federal government with respect to any specific project which meets the criteria established in paragraph (c)(i) of this subsection;

(iv) Any existing or proposed industry in regard to a project described in paragraph (c)(v) of this subsection;

(v) A developer with respect to any specific project which meets the criteria established in paragraph (c)(vi) of this subsection; or

(vi) A tourism project approved by the board;

(f) “Master planned community” shall have the same meaning as that term is defined in Section 19-5-10.

(2) The Mississippi Department of Transportation is hereby authorized to purchase rights-of-way and construct and maintain roads and highways authorized to be constructed pursuant to this chapter.

“SECTION 47. Section 46 of this act shall take effect and be in force from and after January 1, 2014, Section 39 of this act shall take effect and be in force from and after its passage, and the remainder of this act shall take effect and be in force from and after July 1, 2014.”

**Amendment Notes** — The 2013 amendment deleted “This subparagraph (x) shall stand repealed from and after July 1, 2013” from the end of (1)(c)(x).

The 2014 amendment added (1)(c)(xiii).

## § 65-4-25. Resolution to issue general obligation bonds for Economic Development Highway Fund.

The Mississippi Development Authority, acting through its executive director, is authorized, at one time or from time to time, to declare by resolution the necessity for issuance of negotiable general obligation bonds of the State of Mississippi to provide funds for the Economic Development Highway Fund established in Section 65-4-15, Mississippi Code of 1972. Upon the adoption of a resolution by the Executive Director of the Mississippi Development Authority, declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by Sections 65-4-25 through 65-4-45, Mississippi Code of 1972, the executive director shall deliver a certified copy of his resolution or resolutions to the State Bond Commission. Upon receipt of the resolution, the State Bond Commission, in its discretion, shall act as the issuing agent, prescribe the form of the bonds, determine the appropriate method for the sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The principal amount of bonds issued under Sections 65-4-25 through 65-4-45, Mississippi Code of 1972, shall not exceed Three Hundred Sixty-seven Million Five Hundred Thousand Dollars (\$367,500,000.00) in the aggregate. However, an additional amount of bonds may be issued under Sections 65-4-25 through 65-4-45, Mississippi Code of

1972, in an amount not to exceed Seven Million Dollars (\$7,000,000.00), and the proceeds of any such additional bonds issued shall be used to provide funding for a high economic benefit project as defined in Section 65-4-5(1)(c)(vi), Mississippi Code of 1972.

**Editor's Note** — Laws of 2014, ch. 530, § 47, provides:

“SECTION 47. Section 46 of this act shall take effect and be in force from and after January 1, 2014, Section 39 of this act shall take effect and be in force from and after its passage, and the remainder of this act shall take effect and be in force from and after July 1, 2014.”

**Amendment Notes** — The 2014 amendment deleted the version effective until June 30, 2014; substituted “Three Hundred Sixty-seven Million Five Hundred Thousand Dollars (\$367,500,000.00)” for “Three Hundred Fifty-seven Million Five Hundred Thousand Dollars (\$357,500,000.00)” in the second to last sentence.

## **§ 65-4-29. Terms of bonds; option to redeem; issuance and sale.**

Such bonds as are authorized to be issued under Sections 65-4-25 through 65-4-45 may be executed and delivered by the state at any time and from time to time, may be in such form and denominations and of such terms and maturities, may be in fully registered form or in bearer form registrable either as to principal or interest, or both, may bear such conversion privileges and be payable in such installments and at such time or times not exceeding twenty (20) years from the date thereof, may be payable at such place or places, whether within or without the State of Mississippi, may bear interest payable at such time or times and at such place or places and evidenced in such manner, and may contain such provisions not inconsistent herewith, all as shall be provided in the proceedings of the State Bond Commission under which the bonds are authorized to be issued. Such bonds shall not bear a greater overall maximum interest rate to maturity than that authorized by Section 75-17-101. If deemed advisable by the State Bond Commission, there may be retained in the proceedings under which any such bonds are authorized to be issued an option to redeem all or any part thereof as may be specified in such proceedings, at such price or prices and after such notice or notices and on such terms and conditions as may be set forth in such proceedings and briefly recited or referred to on the face of the bonds, but nothing herein contained shall be construed to confer on the state any right or option to redeem any bonds, except as may be provided in the proceedings under which they shall be issued. The State Bond Commission may sell such bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be in the best interest of the State of Mississippi. The state may

pay all expenses, premiums and commissions which the State Bond Commission may deem necessary or advantageous in connection with the issuance thereof, but solely from the proceeds of the bonds. The issuance by the state of one or more series of bonds shall not preclude it from issuing other series of bonds, but the proceedings under which any subsequent bonds may be issued shall recognize and protect any prior pledge made for any prior issuance of bonds.

### § 65-4-31. Interest rates.

No bond issued under Sections 65-4-25 through 65-4-45 shall bear more than one (1) rate of interest; each bond shall bear interest from its date to its stated maturity date at the interest rate specified on the bonds; and all bonds of the same maturity shall bear the same rate of interest from date to maturity. All interest accruing on bonds shall be payable semiannually or annually. If bonds are issued in coupon form, no interest payment shall be evidenced by more than one (1) coupon, and neither cancelled nor supplemental coupons shall be permitted. If serial bonds, such bonds shall mature annually, and the first maturity date thereof shall not be more than five (5) years from the date of such bonds.

### JUDICIAL DECISIONS

#### 1. In general.

Mississippi Department of Transportation (MDOT) was not immune in a wrongful death claim alleging that a failure to place warning signs around a highway culvert, as required by Miss. Code Ann. § 65-21-1, resulted in an auto accident that caused the decedent's death because § 65-21-1 imposed a ministerial duty, and, as Miss. Code Ann. § 63-3-301 and Miss. Code Ann. § 63-3-303 included no language suggesting abrogation or repeal of § 65-21-1, that section-narrowly, pre-

cisely, and specifically requiring warning posts around culverts-remained in effect as an exception to the general rule of § 63-3-303 that the MDOT had discretion over such placement; Miss. Code Ann. § 65-21-1 controlled the specific issue of guide and warning posts around culverts, and § 63-3-303 controlled the discretionary placement of traffic devices that were not the subject of a specific statutory mandate. *Miss. ## CHAPTER 37

### Local System Bridge Replacement and Rehabilitation Program

SEC.

65-37-13. Local System Bridge Replacement and Rehabilitation Fund; appropriations; expenditures; crediting of monies to counties in advance of normal accrual.

**§ 65-37-13. Local System Bridge Replacement and Rehabilitation Fund; appropriations; expenditures; crediting of monies to counties in advance of normal accrual.**

(1) There is created in the State Treasury a special fund to be designated as the "Local System Bridge Replacement and Rehabilitation Fund." The fund shall consist of monies that the Legislature appropriates under subsection (2) of this section, the proceeds of bonds issued under Section 10 of Chapter 557, Laws of 2009, and any other monies that the Legislature may designate for deposit into the fund. Monies in the fund may be expended upon legislative appropriation in accordance with the provisions of Sections 65-37-1 through 65-37-15.

(2)(a) During each regular legislative session held in calendar years 1995, 1996, 1997 and 1998, if the official General Fund revenue estimate for the succeeding fiscal year for which appropriations are being made reflects a growth in General Fund revenues of three percent (3%) or more for that succeeding fiscal year, then the Legislature shall appropriate Twenty-five Million Dollars (\$25,000,000.00) from the State General Fund for deposit into the Local System Bridge Replacement and Rehabilitation Fund.

(b) During the regular legislative session held in calendar year 1999, if the official General Fund revenue estimate for the succeeding fiscal year for which appropriations are being made reflects a growth in General Fund revenues of two percent (2%) or more for the succeeding fiscal year, then the Legislature shall appropriate Ten Million Dollars (\$10,000,000.00) from the State General Fund for deposit into the Local System Bridge Replacement and Rehabilitation Fund.

(c) Except as otherwise provided in this paragraph (c), during each regular legislative session held in calendar years 2001 through 2016, if the official General Fund revenue estimate for the succeeding fiscal year for which appropriations are being made reflects a growth in General Fund revenues of two percent (2%) or more for the succeeding fiscal year, then the Legislature shall appropriate Twenty Million Dollars (\$20,000,000.00) from the State General Fund for deposit into the Local System Bridge Replacement and Rehabilitation Fund. However, during the regular legislative sessions held in calendar years 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011 and 2014, the Legislature shall not be required to appropriate funds for deposit into the Local System Bridge Replacement and Rehabilitation Fund.

(3) Monies that are deposited into the fund under the provisions of this section may be expended upon requisition therefor by the State Aid Engineer in accordance with the provisions of Sections 65-37-1 through 65-37-15. The Office of State Aid Road Construction shall be entitled to reimbursement from monies in the fund, upon requisitions therefor by the State Aid Engineer, for the actual expenses incurred by the office in administering the provisions of the Local System Bridge Replacement and Rehabilitation Program. Unexpended amounts remaining in the fund at the end of a fiscal year shall not

lapse into the State General Fund, and any interest earned on amounts in the fund shall be deposited to the credit of the fund.

(4) Monies in the Local System Bridge Replacement and Rehabilitation Fund shall be allocated and become available for distribution to counties in accordance with the formula prescribed in Section 65-37-3 beginning January 1, 1995, on a project-by-project basis. Monies in the Local System Bridge Replacement and Rehabilitation Fund may not be used or expended for any purpose except as authorized under Sections 65-37-1 through 65-37-15.

(5) Monies in the Local System Bridge Replacement and Rehabilitation Fund may be credited to a county in advance of the normal accrual to finance certain projects, subject to the approval of the State Aid Engineer and subject further to the following limitations:

(a) That the maximum amount of such monies that may be advanced to any county shall not exceed ninety percent (90%) of the funds estimated to accrue to such county during the remainder of the term of office of the board of supervisors of such county;

(b) That no advance credit of funds will be made to any county when the unobligated balance in the Local System Bridge Replacement and Rehabilitation Fund is less than One Million Dollars (\$1,000,000.00); and

(c) That such advance crediting of funds be effected by the State Aid Engineer at the time of the approval of the plans and specifications for the proposed projects.

It is the intent of this provision to utilize to the fullest practicable extent the balance of monies in the Local System Bridge Replacement and Rehabilitation Fund on hand at all times.

## ARTICLE 3.

## DESIGNATIONS OF OFFICIAL MISSISSIPPI SCENIC BYWAYS.

SEC.

- 65-41-67. "Noxubee Hills Route" Scenic Byway designated.  
 65-41-69. "Delta Bluffs Scenic Byway" designated.  
 65-41-71. "Gateway to History" scenic byway designated.

**§ 65-41-67. "Noxubee Hills Route" Scenic Byway designated.**

The following highways and roads located in Choctaw, Winston and Noxubee Counties in Mississippi are hereby designated as an official Mississippi Scenic Byway to be known as the "Noxubee Hills Route" pursuant to Section 65-41-1 et seq.:

The Noxubee Hills Route begins at the intersection of the Choctaw Lake Road with Mississippi Highway 15 in the SE ¼, S4, T16N, R11E, Choctaw County, Mississippi, and runs in an easterly and northeasterly direction along the said Choctaw Lake Road to cross the dam of Choctaw Lake, located in the Tombigbee National Forest, to the intersection with the Webster Road in the Northeast ¼, of S2, T16N, R11E, Choctaw County. Thence, the route runs in an easterly direction along the Choctaw Lake Road to intersect the Choctaw/Winston County line near the Northwest corner of S6, T16N, R12E, in Winston County where the route becomes known as the Gumbranch-Ackerman Road in Winston County. Thence, the route runs in a southeasterly direction along the Gumbranch-Ackerman Road to intersect the Sturgis Road in the West ½ of S15, T16N, R12E, in Winston County. Thence, the route runs in a southeasterly direction along the Gumbranch-Hwy 25 Road to an intersection with Mississippi Hwy 25 at or near the Northwest corner of S28, T16N, R13E, in Winston County. Thence, the route runs in an easterly and northeasterly direction along the Bluff Lake Road to the Winston/Noxubee County line on the West line of S6, T16N, R15E, in Noxubee County. Thence, the route runs in an easterly direction along a Noxubee County route (CR-234) to intersect with the Levee (CR-267) and Bluff Lake (CR-266) Roads near the West line of S4, T16N, R15E, in Noxubee County and in the Sam D. Hamilton Noxubee National Wildlife Refuge. Thence, the route runs in a southerly direction along the Bluff Lake Road (CR-266) to intersect the Lynn Creek Road (CR-223) at or near the North line of S21, T16N, R15E, in Noxubee County. Thence, the route runs in an easterly direction along Lynn Creek Road (CR-223) to ultimately intersect US Hwy 45 in Brooksville, Mississippi, at or near the Northeast corner of S20, T16N, R17E, in Noxubee County, Mississippi. The Noxubee Hills Route runs approximately forty three (43) miles and serves parts of Choctaw, Winston, and Noxubee Counties in Mississippi.

**SOURCES:** Laws, 2013, ch. 318, § 1, eff from and after July 1, 2013.

**§ 65-41-69. “Delta Bluffs Scenic Byway” designated.**

The following highways, roads or streets located in the State of Mississippi are hereby designated in the following three (3) segments as an official Mississippi Scenic Byway to be known as the “Delta Bluffs Scenic Byway” pursuant to Section 65-41-1 et seq.:

(a) Northern Branch: Beginning at the intersection of Austin Road and Mississippi Highway 301 and continuing westward to the intersection of Delta View Road and Austin Road; then north along Delta View Road to the Great River Road National Scenic Byway (connectivity through the Town of Walls via Delta View Road, U.S. Highway 161 and 2nd Street);

(b) Central Branch: Beginning at the intersection of Mississippi Highway 301 and Austin Road and continuing south along Mississippi Highway 301 to Arkabutla Lake; and

(c) East-West Branch: Beginning at the intersection of Old Mississippi Highway 304 and Interstate 55 in Hernando and continuing westward to Bluff Road.
